BROAD STREET ROAD CLOSURE

Beginning August 29, 2016 at 5 P. M.

Please be advised that Liberoni Contracting will be closing Broad Street (from Route 65 to Beaver Street) at 5:00 pm on Monday, August 29, 2016, until 5:00 am, to begin the repaving of Broad Street. Liberoni will close Broad Street also on Tuesday, August 30, Wednesday, August 31, and Thursday, September 1, again from 5 pm to 5 am. This closing was discussed at the Road Project meetings and the **Borough thanks all residents and property owners for their cooperation and understanding for this work to be done during the time period.**

By doing the Broad Street repaving at night we are saving three to four weeks of road construction congestion issues, single lane traffic restrictions and no parking on the street. This will allow the businesses and institutions on Broad Street to hopefully operate as normal.

Any resident needing parking spaces is free to park at metered spaces on Frederick Avenue between Walnut Street and Broad Street. Additional metered spaces will be on Thorn Street from Broad Street to Chestnut Street. The residents do NOT have to pay for the metered parking during the Broad Street repaving. Please be sure all vehicles are removed from Broad Street by 4 p.m. each day.

Thank you again for your cooperation.

Very truly yours,

Kevin M. Flannery
Borough Manager
